

# ESG Investing Services

*Your Partner in Managing Risk, Driving Growth and Delivering Sustainable Value*

There is a growing consensus among investors that sustainable investing creates sustainable value — and a rapid rise in demand for investment products and financial services that integrate environmental, social and governance (ESG) factors. We have worked with national and multinational asset management clients for nearly half a century, and we provide practical and forward-thinking counsel to help clients design, launch and manage ESG-focused funds and strategies. Our multidisciplinary team delivers integrated regulatory, transactional and compliance support to help you confidently navigate the complex considerations involved throughout the investment decision-making process. Drawing on our in-depth experience helping clients resolve complex ESG investing issues, we have what it takes to help you manage risk, drive growth and make the most of the opportunities in these emerging markets.

## We help:

- Investment Advisers
- Fund Sponsors
- Registered Fund Boards
- Investment Vehicles
- Institutional Investors
- Fund Service Providers

## Find solutions for:

ESG investment product development and support

Development of internal protocols for meeting fiduciary, disclosure and regulatory obligations

Proxy voting and shareholder engagements

ESG investment product sales and marketing communication

Development of ESG investment due diligence processes

Compliance program development and enforcement assistance

We see the forest  
because we helped  
plant the trees.

## The Faegre Drinker Difference

- Deep experience working with investment management clients on ESG-related matters and ESG investment product development from their planning, structuring, organizing, funding, documenting and day-to-day operations
- Strong technical and market networks with in-depth ESG market experience
